## Let Cops Beat the Robbers

These are strange times. For the first time in history crooks have more going for them than the good guys.

This arrangement is so new that even the middle-aged folk can remember when it was different; when laws were legislated to protect the innocent; and cops were hired to suppress wrongdoers and to defend victims.

In that day and time everybody treated law officers with politeness, and with the respect their office demanded. People answered them "yes, sir" or "no, sir," but not today! Today, even youngsters challenge law officers without provocation. Apparently it is now "in" to see how much insult a cop will stand for.

As a result of these and other things, never has there been so much need for police to protect us against wrong-doers.

To those of us old enough to compare the generation past with the modern situation, it appears ridiculous that all legal and legislative effort is being exercised for the criminal and against those who have been wronged.

That is why it is so patently outrageous for our own federal government to spend our own tax dollars on the Community Alert Patrol.

Community Alert Patrol is a new governmental idea by which quasi-official groups are used as a buffering agent between cops and robbers.

CAP is financed by the Department of Health, Education and Welfare so there is no question about where the money comes from. Without even asking what Los Angeles thought about it, HEW issued a grant of \$238,429 to subsidize the "patrol" in the City of Los Angeles recently. One is also scheduled for San Diego, we are told.

The L.A. Patrol will consist of about 20 youths, some of whom have police records. A police record is a fine qualification for sending a candidate to prison rather than paying him to spy on policemen.

During last week's renewal of hostilities in Watts, Los Angeles firemen were pelted with rocks and bottles. A CAP functionary, rushing to observe the "cruelty" of Los Angeles police was arrested on a charge of running a red light. He was also charged with drunk-driving. We wonder what this law-breaker reported.

Even police review boards, when such there are, must have people of the highest possible character and integrity in order to function at all. Most communities find that police review boards are undesirable because it forces police to defend themselves after they have aggressively pursued their duties — the almost thankless job they are hired to perform.

Community Alert Patrol pays people, some of whom are punks, to spy on cops and report their findings to CAP headquarters.

Even in Hitlerian Germany, where they hired state police

## Teachers' Raises Await State Budget Approval

The Lemon Grove School Board indicated a willingness to give raises to its employees if the State revenue is sufficient. The State will not decide on revenue to the district until after its budget decision on July 1.

The School Board had agreed in principle on \$90,000 in raises at a prior meeting. The raises are to be held in obedience until the State makes its decision known.

Meanwhile, the Board must adopt its budget prior to July 1. Trustees are anticipating that enough State funds will be available to handle the raises.

"If we have guessed incorrectly, we will have to take some extreme measures to provide raises — and raises will have to be on a scaled down basis," Byron Netzeley, Lemon Grove District Superintendent said.

The Lemon Grove budget will be corrected and approved at the next school board meeting June 26.

## LG Men To Hear Joe Rushing

The guest speaker at the Lemon Grove Men's Club will be Joe Rushing, assistant director of special district service, San Diego county.

Rushing will speak on the upcoming sewer assessment.

The meeting will be held at noon at the Brunswick Bowl, Lemon Grove.

## Thieves Snatch 20 Ft. Antenna

While Mrs. Kathryn Lear, 8315 Broadway, Lemon Grove, was away in a rest home, thieves took her TV antenna.

Since the 88 year old lady was gone only one night, the theft must have been very cleverly carried out. The antenna was 20 feet high and bolted to the roof.

## Century Photo Club Plans Two Tours

The Century Travel and Photographic Club of San Diego is planning two tours in June. The first trip, on Thursday, June 22, will be along Baja California coastline to Ensenada, Mexico. Stops will be made at the Rosarita Beach Hotel for breakfast; at Popotla, a deluxe mobile home park along the coastline and at San Miguel, where many Americans have leased land and built homes. There will be about 2 1/2 hours for visiting the many fine shops in Ensenada, plus time for a demonstration by skilled craftsmen working with molten glass at the Enco Glass Factory in Tijuana.

The second tour, on Saturday, June 24, will be a boat trip along the rugged Palos Verdes coastline, where the haunts of pirates and smugglers of the last century may still be seen. At Point Fermin Park, the group can see the old lighthouse and walk down to the shore.

A visit will be made to California State College in Long Beach, where huge outdoor sculptures in wood, concrete and steel (executed by nine sculptors from seven countries) may be seen. There will also be time to visit the many fine import shops at Ports of Call Village. Photographers may enter the Port of Los Angeles Photographer's contest, which has the greatest list of prizes of perhaps any photo contest ever held in Southern California.

The above tours are open to the public. For further information, cost of tours and pickup spots, call Helen or Eldon Goodall or Evelyn Slaughter 222-6837 or 469-1623.

PRAYER AND GOOD WORKS GO TOGETHER

Prayer provides the motive power for good works, therefore we must know something about prayer. The idea that prayer is a pious custom of nominal practical significance needs to be buried. We learn to pray by praying. The best place to learn is in Church.

## DMV Forms Mandatory For Pre-18 Licensing

Teen-agers, sixteen and seventeen, can't be issued drivers' licenses by the Department of Motor Vehicle after June 30th unless they have completed driver education and training. The rule includes youthful holders of six-month learning permits. This "last warning" was issued by DMV director Verne Orr on the eve of the effective date of a law passed in 1965.

"As nearly every teen-ager knows," said Orr, "after June 30th his 16th birthday will no longer be the qualifying age for an automobile driver's license unless he has met the classroom and behind-the-wheel driver training requirements now prescribed in the Vehicle Code. To get a driver's license without such training he has to be 18 years old."

Orr cautioned that a teen-ager's report card showing that he took required driver training in school won't qualify him for driver's license processing at a DMV office unless he also brings with him the official DMV certificate of course completion. Teen-agers should make sure they are given this form by their instructor along with any entry on their report card.

"We have tried our best to get these forms distributed to all schools," said Orr. "Once schools go on summer vacation schedules it may be more difficult for a teen-ager to equip himself with these

forms. He should attend to it now."

When he visits his local DMV office, the would-be driver between 16 and 18 years old must produce evidence — the proper DMV forms — that he has completed approved courses of driver education (the necessary 30 hours of classroom instruction) as well as six hours of behind-the-wheel supervised driving.

If the secondary school he is attending doesn't offer behind-the-wheel training it can give the student a certificate of unavailability of such training — another DMV form. The student may then get such training outside of school from a qualified adult over 25 years of age whose own driver's license is in good standing with DMV. This instructor must also fill out an official DMV form certifying that he has complied with the law.

If his school doesn't offer behind-the-wheel training or the classes are full and he cannot be enrolled, he may get his instruction from a licensed private driving school or an independent licensed instructor. Both the school and the instructor must meet licensing requirements and regulations of the Department of Motor Vehicles.

With the necessary forms in hand, the 16 or 17-year old can proceed to take the Department of Motor Vehicles' written examination and behind-the-wheel test leading hopefully, to a driver's license.

## C.V. Demo Club Repudiates CDC

The Chula Vista Democratic Club has withdrawn from the California Democratic Council (CDC).

A 28-10 vote Tuesday night of last week ratified the earlier recommendation of the club's executive board to leave the voluntary statewide organization.

Discussion on the withdrawal consumed more than one hour before the secret ballot vote in the meeting at Vista Square Elementary School in Chula Vista.

Charter member Jim Hammock moved adoption of the executive board's recommended withdrawal.

Prime reason for the desire to leave appeared to be the CDC leadership's rumored intention of backing strong anti-war candidates in upcoming elections.

A taped recording from the club's past president, Assemblyman Wadie Deddeh, listed a dozen reasons for severing the club's 10 year tie with the CDC.

Deddeh's complaint centered

on the failure of the CDC to help elect candidates, despite allocation of \$2.50 from each member's annual \$3 dues to the state CDC.

The assemblyman said the CDC state leadership did not represent the state's membership.

June is Dairy Month, the 31st observance of this dairy event in the United States.

# KOGO-TV Reschedules 'Part-Time Policeman'

KOGO-TV's special entitled "Part-Time Policemen" has been rescheduled for viewing on Tuesday, June 20th at 8:30 p.m. It will be sponsored by Southland Savings and Loan Association. "Part-Time Policemen" originally was scheduled to air June 6th but was pre-empted by NBC's United Nations coverage dealing with the Mid East crisis.

The 30 minute color documentary will tell the story of the reserve police and sheriff's organizations in San Diego County and the services they perform. "Part-Time Policemen" will show the dedicated

highly skilled and unselfish services performed by these reservists who work entirely without pay. The duties training and qualifications of the reservists will also be explained.

More than 600 reservists are now serving in the county freeing regular lawmen to handle additional assignments increasing the level of police protection and service to county residents.

The reservists undergo at least 80 hours of training before they go into the field with regular officers. San Diego is one of many U.S. cities to have such vital police units.

## The Dimmer View

(continued from page 1)

to spy on those who did not buy the "Germany Over All" philosophy, they did not use police-police. This makes CAP more insidious than the Storm Troopers of the Third Reich.

Already weakened by Supreme Court interpretations, police authority is lower than at any time in history—and, of course, crime recordings are highest. Police cannot arrest suspected wrongdoers without first advising them not to admit to anything without getting an attorney—an attorney, which most often, is paid for by taxpayers. Even during interrogation the suspect must be warned again, and the officers must be very certain the suspect not only hears, but fully understands, that his testimony may be used to convict him.

And, finally, more and more courts are insisting that only the suspects name and charge may be given to the press. They are protecting lawbreakers against "unnecessary publicity" which might result when the press is allowed to print facts concerning the crime.

With all these obstacles facing under-paid minions of the law, how can citizens expect to receive as good law enforcement as they do?

The police officer, and the citizen, too, may face loss of his estate if he rushes to aid a distressed citizen and later, the citizen claims he suffered a loss as a result of Good Samaritanism.

Would you arrest and prefer charges against a person you observe breaking the law knowing that you might face a counter-charge by a committee of jerks who have been hired to become cop-watchers by the authority of the federal government?

The Community Alert Patrol doesn't make sense.

Federal funds earmarked for CAP should immediately be transferred to local police. Instructions should accompany this money making it mandatory that it be used for night sticks to beat sense into the heads of our pampered, modern-day lawbreakers.

Perhaps then they will begin to see cops as the keepers of the peace instead of testing agents for their "right" to break the peace.

## LAFCo Mistake

Brings Rescheduling

Of Annex Hearing

A "boo-boo" by the County Local Agency Formation Commission caused the hearing on the annexation of the attendance areas of the Highland and Bancroft schools to the Spring Valley Recreation and Park District to be rescheduled for July 10 at 9 a.m.

The hearing had been scheduled for June 13 at 2 p.m. but was inadvertently called at 9:30 a.m., the same day.

At that hearing LAFCo approved the feasibility of the annexation. LAFCo approval does not complete its action. The Board of Supervisors must act upon the matter.

The Board has indicated its willingness to approve the annexation.

Supervisor Robert Dent, who represents Spring Valley, said there is a good deal of sentiment throughout the valley, including Casa de Oro, for further annexations to the district.

The district operates a recreation program by contracting with the City of La Mesa recreation department.

The annexation could be accomplished without an election unless there is a protest of 10 per cent of the registered voters and also ten per cent of the assessed valuation of property.

## Hearing On S.V. CoC Property Scheduled

The hearing on the County's plan to purchase the Spring Valley Community Center will be held June 27 as scheduled.

County Recreation Commissioner Cletus Gardner had recommended that the Board of Supervisors rescind its action of intent to purchase the property for \$18,000. The price is apparently well below the market value.

Gardner also said that there appeared to be opposition to the purchase from the La Presa Town Council.

The property is on Memory lane in Spring Valley and is

### 'Rent-a-Boat' Ready

Boating is one of the favorite recreations at San Diego's Mission Bay resort, but you don't have to own a boat to enjoy it.

Virtually every form of craft from a kayak to a 21-foot sailboat can be rented at Mission Bay marinas and hotels.

In between are paddleboats which navigate with foot power, catamarans, sloops, pontoons, runabouts and water skiing boats, the latter available with a licensed instructor-driver if all you have are the skies and the yen to skim across the water. In fact, all you need is the desire — the skis can be rented, too.

### Cantata Features

## IRS Agents Needed Here

Internal Revenue Agents are needed for duty in Internal Revenue Service offices in California and Nevada. Salaries start at \$8,218 and \$9,221 a year. For positions at \$8,218 a year, travel and transportation expenses to first post of duty will be paid.

## Teen-Age Combos To Compete at I.B.

A battle of teen-age combos will be the musical feature of Imperial Beach's Jay Cees' eighth annual Sun 'N Sea Festival June 21-25.

More than 20 teen-age combos have already signed up to win trophies or prizes. More than 40 are expected to be ready to compete by opening day, a spokesman said.

Some of the bands have unusual names. There are the Moscow Outer Bal Bearings Plant 9; the Spiderettes; Mel-o-Yellos; Penguins; Polecats the Unfits; the Soles, and the Trickle-Toms.

Bands will be in competition every night from 6 to 9.

Larry Tremaine, a Holly wood scout, and several disc jockeys, will be on hand for the finals.

Internal Revenue Agents examine and audit the accounting books and records of individuals, partnerships, and corporations to determine their correct tax liability. Applicants must have had professional accounting experience and provided significant emphasis on Federal taxation.

Further information and application forms may be obtained from the Board of U.S. Civil Service Examiners, Internal Revenue Service, 870 Market Street, San Francisco, 94102.

## MV Students Buy Stock In New Stadium

Spurred on by approval of lighting for their new stadium project, Monte Vista High school students are buying shares of stock to help support financing.

With a goal of at least one \$1 stock certificate per student, campus leaders instigated a concerted class-to-class sales effort on June 6 and 7 and will continue the campaign during lunch periods until the last day of school June 17. Over \$1,100 was raised in the first three days of the campaign.

The long-term, three-phase stadium plan, including seating, lighting and swimming pool, is a community and school effort. Spearheaded by the parents Boosters Club, interested groups are attempting to raise \$180,000 in non-tax funds.

In addition to the stock campaign, fund raising efforts have included a community carnival, dances, and private and organizational contributions.

"The stock certificates have a financial value to the school and a nostalgic value to the individual," student body president Greg Becker explained.

**The tire that's better than cars.**

- The Cinturato CN 72 radial ply tire can go 150 miles an hour. Your car can't.
- It can do 130 ... for 24 straight hours. Your car can't.
- It can corner at angles your car can't cut. And stop at speeds your car can't muster.
- And if you're wondering why any company in its right mind would make a tire for a Ford or Chevy or GT Ferrari tolerances, we'll tell you.
- We think a tire must be able to take everything a car can dish out. And then some.
- We think that when you're doing 60 all day on a sizzling blacktop or swinging around some rain-slicked hairpin turn, your tires should be more than equal to it.
- So when we make the Cinturato CN 72, we go the only way you can when you want a tire to be that good. Overboard.
- While others are making American car radial ply tires with two plies, we use three. While others depend on tubes in their radial ply tires, we make ours tubeless. We've even moved the whitewall closer to the rim so the curb doesn't scrape it.
- The result of all our sweat and tears is a tire rugged enough to last a good 45,000 miles.
- And though you have to pay at least \$40 for a CN 72 and perhaps as much as \$54, it's worth it.
- There's a saying among Italian racing car drivers, "La tua vita puo' dipendere da una sola gomma."
- It means your life is riding on your tires.

## Juveniles Receive 2,072 Traffic Citations In Average Month

May was a month of average volume for the Juvenile Traffic Court according to George W. Ingersoll, Chief of the Traffic Division, with 2,072 citations being received.

Citations were received from the various law enforcement agencies of San Diego County as follows: San Diego Police Department—1,313; California Highway Patrol—291; Sheriff's Department—80; Oceanside Police Department—71; El Cajon Police Department—64; Chula Vista Police Department—54; Escondido Police Department—45; La Mesa Police Department—41; National City Police Department—33; Imperial Beach Police Department—31; Carlsbad Police Department—8; Coronado Police Department—6; and other jurisdictions—35.

Of the 1,963 citations processed during the month, 1,541 were for vehicular violations while 292 were for pedestrian violations and 130 were for bicycle infractions.

Speed was the most common vehicular violation, riding at night without a light the most frequent bicycle infraction and hitchhiking in the roadway the biggest reason for juvenile pedestrian citations.

Among dispositions made by the Juvenile Traffic Court during May were 345 suspensions and 152 restrictions of licenses for varying periods, 75 referrals to the Department of Motor Vehicles for longer suspensions, and 84 referrals to Traffic School. In addition, 186 juveniles were assessed a total of \$1,929 for an average assessment of \$10.37.

With summer vacation coming and juveniles having more leisure time an increase in citations is anticipated. Parents are especially cautioned to make sure that their youngsters who drive are really ready for summer driving, which may involve unfamiliar roadways and greater distances than they are used to.

## Jane Carson Makes 'Once In A Lifetime' Shot At Golden Bowl

It was one of those "once in a lifetime" shots and it was no wonder there was excitement at Golden Bowl lanes last Friday afternoon. And the reason: Jane Carson rolling for the Pyrites League, was helping her team to end the season by doing her best.

One roll and all the pins stared at the pins in dismay. She heaved a sigh and stepped to the line. A swing and the ball was on its way. As she looked it seemed the ball was going in the gutter . . . and then, it barely grazed the seven, sliding it across the boards and into the ten. She stood there as much surprised as the team mates who crowded around her to offer their congratulations.

Jane has been bowling for about two-and-a-half years.

A couple of new leagues have started bowling on the summer league at Golden Bowl: Nuggeteers and Paws and Squaws: Here are the standings of the Nuggeteers as of Monday:

Casa de Oro Texaco, won 7, lost 1; Morgan Davis and Son 6-2; and tied for third place are Cook's Welding and Jimmie's Meat Center, with 5 wins and 3 losses.

Paws and Squaws: Streamliners in first with 11 wins and 1 loss; The Mixers and The Hazbeens, tied for second, with 8 wins and 4 losses; and tied for third are Odd Lot and Two Pair, with 7 wins and 5 losses.

Gold Cup Classic: Team No. 7 and Team No. 6, tied for first with 13 wins and 7 losses; Golden Bowl and the Invaders, tied for second with 12 wins and 8 losses; and in third is Team No. 2 with 11 wins and 9 losses.

Twilighters: Team No. 6, with 15 wins and 1 loss; Clum-Z-Bumz with 11 wins and 5 losses; and 3, Club 94, with 8-8.

Chiefs and Squaws: The Four Kaufman in first with 17 wins and 3 losses; 2, the Peanuts, with 16-4; and 3, the Lucky Four 14-6.

Golden Friendly Gals: Rosita's Mexican Food in first with 17-7; 2 Clean Rite, with 16-8; and 3, Log Cabin with 14-10.

Open Doubles: El Cajon Pro Shop and Golden Bowl, tied for first with 27 wins and 9 losses; tied for second are Mathews Cleaners and Morgan Linen, with 20½ wins and 15½ losses; and 3, Rays Carpet with 16½ wins and 19½ losses.

## Scal. Economy Off Slightly

Southern California's economy during May declined fractionally from its high level during April, it was reported by Edward L. Jones, Manager of Security First National Bank's College Grove Branch.

The local economy registered at an estimated 155.7 on Security Bank's Index of Business Activity. April's preliminary index reading is 156.1, Jones said.

The May reading, according to the bank's Economic Research Division, is identical to the index measurement made for May, 1966, and two points higher than the final figure of 153.7, recorded last March, Jones continued. Business index components available for May displayed mixed trends.

Construction activity and real estate sales increased. Bank debits and department store sales decreased, after adjustment for seasonal influences, Jones added.

In April, the latest month for which employment figures are available, Southern California metropolitan area civilians held a total of 4,503,500 jobs — 141,200 more jobs than were held in April, 1966. From April to April, employment increased 4.1 percent locally and 1.9 percent nationally. Southern employment was at its highest level on record for any April, Security First National Bank's Research Department reported.

## Cigarette Sales At Hospitals Curbed

San Diego County Medical Society Council endorsed a resolution encouraging hospitals to discontinue sales of cigarettes, announced executive secretary William T. Nute. The resolution was presented June 6, by Arnold Flick, M.D., project director of Smoking Research/San Diego.

## Helix High's Highland Notes

by Shauna McGregor

Tears mingled with cheers will be the "thing" tonight as 570 of us seniors graduate. While graduation is something we've been working towards for four years, it's kind of sad leaving all the great teachers and friends. O well... (sniff, sniff!)

Tuesday afternoon found Highlanders breathing sighs of relief that finals were over. Most of us did pretty well, hopefully? However, study is not over yet for the 1,700 Highlanders starting summer school on Monday. It'll be seven weeks more before their summer vacation really begins.

It almost looked as if the Helix campus was sprouting angels Sunday as Highlanders wore their graduation robes. Baccalaureate. Actually, the service was very nice and did prove to be a real inspiration.

Another event that happened last week for seniors was the annual signing party. The place was our cafeteria, or Green Room, as it is more formally known, and the time was Friday night. Refreshments were served and seniors just had a good time signing each other's Tartan and listening to records.

## MM Summer School Begins Monday

Mount Miguel High School will hold only one summer school session this year beginning June 19 and ending August 4.

Any student from the Grossmont District who is enrolled at one of the other seven schools must receive permission from Mr. Donald Tarr, summer school director, to attend.

In order to get credit for one year a student must attend 4 hours daily for seven weeks or 4 hours daily for 3½ weeks to get ½ year credit.

## Helix High Graduates 570

Helix High School will graduate 570 seniors at ceremonies tonight at 8 in the school's stadium.

The valedictorians are Robert Gorb, son of Mr. and Mrs. Walter Gorb, son of Mr. and Mrs. Walter Gorb, 7397 Panama way, La Mesa, and Sonya Velazquez, daughter of Mr. and Mrs. Alfred Velazquez, 3397 Shirlene place, La Mesa. Robert will speak on "The First Three Years After Graduation," while Sonya will speak on Robert Browning's quotation "A Man's Reach Should Exceed His Grasp."

The Helix Concert Band, directed by Mr. Carl Thompson, will play "The Star Spangled Banner," the national anthem of Barbados, West Indies, and The West German national anthem in honor of our foreign students Gaobette Freiburger, and Elaine Webster.

The flag salute will be led by student body president Margaret Perry, daughter of Mr. and Mrs. Alan Perry, 4429 Summit drive, La Mesa.

Both the invocation and benediction will be led by F. W. Cassidy, Cmdr., ChC, senior Protestant chaplain, Camp Pendleton.

Mrs. Hazel Bole, personnel director, and Mrs. George Birch, a member of the Grossmont High School District Board of Trustees, will present the diplomas.

"I urge everyone planning to attend to arrive as early as possible," Senior Class Counselor, Mr. Ross Wallis said. Seating will be on a first come first serve basis," Mr. Wallis said.

Tartan Bearers and Torch Bearers will precede the seniors, and the Bagpipe Band will play traditional music. "This lends a beautiful setting to the exercises," Mr. Robert Carlton, senior class counselor said.

"If there is a possibility of rain, each student will be given three tickets to give to friends and relatives for admission to the ceremony, which will then be held in the gymnasium," Mr. Carlton said.

## June Round-Up For C de O PTA

The Casa De Oro PTA has sponsored the following events for June:

June 2: The PTA Executive Board was hostess at a morning coffee which feted the forty-two room mothers of Casa de Oro School who have done so much during the year to enrich the lives of the children by arranging school and room parties, the carnival, teaching in the Back Yard Swim program, staffing clinics, sponsoring the Summer Reading Club at the Casa de Oro Library, presenting special musical programs, etc.

June 3: Students eligible for the Back Yard Swim Program were signed up at Casa de Oro School by Mrs. Robert Umbarger, 3952 Bogoso lane, and Mrs. Lester Parkin, 10117 Ramona drive, who are co-chairman of this summer's activity.

June 5: Newly-elected PTA president, Mrs. Joseph Del Nero, 3820 Pinto place, and her officers were honored at a Pot Luck Supper held by the outgoing PTA Board at the home of the Howard Allens, 3750 El Canto dr. More than 30 officers, chairmen and spouses attended the patio supper.

June 7: A special detail of the U. S. Marine Corps presented a pageant on the history of the Flag of the United States to all the students of the Casa de Oro School in a colorful and dramatic program held in the amphitheater. At the conclusion of the program, each kindergarten child received a 12 x 12 inch flag for his very own. This is an annual custom, started in 1959 by the late Mrs. Richard Wilson. Many former students, now in Junior High School and High School, still treasure the flags they received years ago. PTA funds are used for the purchase of the flags.

June 8: Young Audiences, Inc. presented a brass quintet in a series of three programs designed for the primary, intermediate and upper grades. The PTA thru its music chairman, Mrs. Charles MacLeod, 10550 Rancho rd., collected enough trading stamp books in March to make this concert possible.

June 12: Sixth grade students received their green and yellow "ribbons" for the final week of school. Under the direction of Mrs. Alex Fousek, 10071 Resmar place, who is the sixth grade room level chairman, about 20 sixth grade mothers created the "ribbons" which are long streamers held by a rosette.

The annual tree-planting ceremony was held later in the day. The PTA provides the funds for the ribbons and the tree from proceeds from the carnival.

June 16: Final room parties of the year were held with room mothers, under the guidance of Mrs. John Ransome, 4320 Crestview dr., who has served as PTA Room Mother Representative for the past year.

## GIRL SCOUT CHATTER

Hail to Cadettes from troop No. 235. They are well on their way to becoming great socialites. In order to earn their Preps for the Challenge of Social Dependability they showed great ingenuity in their combination buffet supper and fashion show at St. John of the Cross Hall last Saturday night. Court of Awards was also held.

Karen Harnish offered oriental Won Tons and Egg rolls; fish rolls and cookies a la India were made by Margaret Lutz; Terry Tillman reached to Thailand for her Tempting Kéo Paht and Glorified rice; Pollo Con Arroz (chicken with rice) was Laurie Lambert's Mexican fare; Corn and fig bars Egyptian style came with Barbara Kotnik; Carol McCrea served spaghetti and green salad with anchovies for Italian space; From Hawaii came tuna and pineapple baked in coconut shells complimented by papaya jello salad made by Debbie Costello; and from the good old U.S.A. came good old crispy fried chicken by a good old American cadette, Terri Stinchcomb. Judging from the satisfied expressions of participants in eating the variety gourmet dishes, the event was an unqualified success.

The cherry on top was the "funny fashion show" accentuating fashions from those far-away lands. There were ties from Thailand, Mexican jumping beans, the Taj Mahal (in person), Anthony and Cleopatra, Japanese "Mini skirt," "mod" surfer and of course, Miss U.S.A. Fun? Colorfully so!

## Oceanside Opens Yacht Club Season

Oceanside — The Oceanside Yacht Club will open its season with a bang Sunday.

Just what kind of cannon-type machinery will be used still is under discussion, but it will be as noisy as the city's anti-noise ordinance allows.

The cannonade opening will be part of the eighth annual Oceanside Harbor Days, Saturday and Sunday, June 17 and 18.

Following the 11 a.m. initiation to the summer sailing season, there will be public open house with refreshments. The clubhouse, in the harbor's north end, will remain open until dusk.
